PRISCO MAYOR RUNS THINGS "Pat" McCarthy Says Fight Will Take Place as Advertised.

CHICAGO, June 16 .- (Special Telegram.)-"I am running San Francisco, I am taking no orders from Gillett of his attorney general. You can bet your last dollar that the big fight will be pulled off in my town, just as advertised."

Mayor Pat McCarthy of San Francisco skipped from depot to depot to catch a Pacific coast-bound flyer, delivered this iltimatum just after scurrying through the sporting extras which had announced that Governor Gillett of California had isgued orders through the attorney general that the Jeffries-Johnson battle must be pulled off outside the boundary lines of the Golden state.

Mayor McCarthy, who went into office on the union labor ticket as the candidate of the San Francisco organized labor, further added a few words to this point, which are indicated by asterisks,

"I would like to ask the governor of that state," he continued, "if he thinks he can step into my town and tell us what we know what we want, and we get what we want, when we want it. "The big thing that we want just now is

the scrap, which I say to you will be fought in San Francisco on July 4-governors, attorney generals, and all the rest of them to the contrary, notwithstanding." The San Pranciseo burgomaster had no pore issued this edict regarding the sovgreignity of the state of California, when he

Jeffries or Johnson." Mayor McCarthy evidently was angered by the bulletins that Governor Gillett had slammed the lid on the fight. He had come from Indianapolis. Four weeks ago he went to the Indiana capital to participate in the dedication of the new building of the Carpenters' union. He broke his leg during the festivities and has been recuperating since his accident.

The mayor was in Chicago only an hour. He arrived at the Park Row station, and went over to the Northwestern depot in an automobile. On the trip accross town he learned of the body-blow which Governor Gillett had landed upon the fight promo-

DUTY CALLS SILLETT TO ACT Calls Fight a Crime and in Violation of State Laws.

SACRAMENTO, Cal., June 16,-"I have no statement or explanation to make other than that contained in my letter to the attorney general," said Governor Gillett this evening. "I am simply doing my duty as I see it. I only acted after the district attorney of San Francisco reported to me he would not try to prevent what I deem to be a crime against the state of California, and the laws I am sworn to protect from violation. I have been deliberating on this matter for ten days, and have gone over the whole thing very carefully. "I have received hundreds of letters, but

these have had no bearing on my action. I propose to do my duty as I see it, no matter what people may say, or do, and no matter whom it hurts. That is all there

No Sham Battles.

OMAHA, June 15 .- To the Editor of The Bee: Of course I recognize that a contest before the requblican primaries is no affair of mine, but I wish to say just a word of commendation for the attitude of Friend Blackburn in his challenge to Judge Sutton and to express the hope that the campaign for the democratic nomination to congress may at least be as virile as Blackburn is trying to make that of the republican candidates. This, because I hate see sham battles. I doubt not at all that Judge Sutton will come back at Blackburn with an answer that will put him equally on record, and though it may not make Blackburn sorry that he spoke, will show at least that there will be a real contest upon principle for the republican nomination. A night's ride from Seattle, Spokene or Vancouver-in a Pullman all the way if Nechaco and Fraser river valleys, the

Canadian farm lands, will be merely that far away when once the railroads will have been built through. These government lands, so persistently advertised these days, are not far away lands by any means-the snort and chuffle of the iron horse will make no more of a trip of it than a trip from some of

our own Texas cities to others in the same state. Canadian railroads are certainly most aggressive. The Grand Trunk Pacific Transcontinental line, which is now building from Moncton Winnipeg to Prince Rupert, striking Nechaco and Fraser river valleys en route, is now employing 5,004 men at each end of the line. Even now it

is running trains on the Prince Rupert (Pacific) end. All together over \$300,000,000-think of ftl -is being spent upon the railroads that are soon to form a network o'er British
